Fee Board asks groups for budget cuts

by Mary F. Scalisi

Avila agencies and programs funded by the student activity fee have been asked, for the second year in a row, to voluntarily reduce their budgets.

The enrollment decrease Avila has experienced reduced the fee budget from \$33,000 to a decline by almost \$4,000.

The activities calendar, orientation programs, student council, intramurals and pompon squad are some of the items the fee funds.

The anticipated fee income was based on an enrollment of 825 full time students, each of whom has paid \$20 for the student activity fee, times two semesters.

Deb Volkmer, Assistant Director of Student Life, reports that just because an agency voluntarily cuts its budget, the Fee Board will not automatically accept that reduction.

Also, it is expected that for some agencies it will not be feasible to cut their budgets any more. Each individual case will be dealt with and decided upon separately.

"Last year we had an excellent response to this voluntary cutback, and we are hopeful that this year we get the same," she comments.

The alternatives for dealing with the deficit will be discussed at the October 21 meeting of the fee board.

Informative political seminar presented

by Mark Johnson

A seminar entitled "Everything You Wanted To Know About Politics But Were Afraid To Ask" will be held this Wednesday morning in Whitfield Centre. The first presentation will run at 9:00 a.m. and the second at 10:00 a.m. and is offered to anyone interested.

Featured speakers will be Barbara Potts, Mayor of Independence and Dr. Charles B. Wheeler, former Mayor of Kansas City.

Each speaker will address the group for 15 minutes at the opening of the session. Following their talks there will be a twenty-minute question and answer session for the audience.

The speakers' remarks will cover such topics as why one should become involved in

politics, how one can become involved, how to participate in the political process without belonging to a party, and how to participate in a specific candidate's campaign if one is a member of a political party.

Program Administrator for the Commission for the Status of Women Della Hadley will be the moderator for the day.

Sponsoring the seminars are The Metropolitan Regional Commission for the Status of Women, Avila, and the League of Women Voters from Kansas City and Independence.

It is hoped by the organizers that the sessions will be informative and helpful, especially with the upcoming November elections.

"China Syndrome" plays Friday

by Denise Kaufman

Can Jane Fonda and Michael Douglas reveal the real truth behind an accident at a nuclear power plant? Watch "The China Syndrome" to find out. In the film Fonda and Douglas star as a TV news reporter and a cameraman who secretly film a nuclear accident after not believing that the event was a routine occurrence.

The duo confronts Jack Lemmon, the chief engineer supervisor, who denies any rumor of potential nuclear danger. In reality he knows the truth and after much pressure from the media he takes charge of the

situation preventing any further danger.

This suspenseful story of abusive power will be shown on October 22 at 7:00 and 9:15 p.m. in the Marian Centre Lounge.

It crawls, it mauls and comes out of the deep to stalk the beautiful young woman it desires. It is "The Creature from the Black Lagoon." Half man and half monster, it lives in the murky waters in a tropical lagoon waiting for his prey. This terrifying 3-D screen classic will be shown on October 29 at 7:00 and 9:00 p.m. in the Marian Centre Lounge; 3-D glasses will be provided.

The Avalanche fans had a lot to cheer about a week ago Saturday when the Avila soccer team beat the Hawks 3-1. It was Avila's eighth win in a row.

Administration programs develop under the direction of Dr. Mosher

by Mark Johnson

The Health Services and Public Administration programs on campus are currently growing under the direction of Public Administration coordinator Dr. Steve Mosher.

In the Health Service Administration area Mosher has worked to establish a relationship between the campus and members of the health care community in the area.

Mosher is quick to point out that positions in the two fields offer a wide range of opportunities. He says, "The first thing that comes to my mind when I hear 'Public Administrator' is a city manager. This is just one of many positions in the field though. Anybody involved in governmental work or even businesses dealing with the government can benefit by being involved in the program. It is unusual to find a job these days," he concluded, "that does not deal in some way with the government."

Likewise, the Health Services program offers opportunities to many, besides those interested in being hospital administrators. Mosher feels this can be of special benefit

to Avila which places a great deal of emphasis on health care programs.

Toward this end he has been working with other departments on campus to demonstrate how the Health Services Administration program can benefit their students and how their programs can benefit students in the HSA de-

partment.

Mosher said a problem he has had in the past with the program is that not enough students knew what the program was all about — it didn't seem exciting to them.

With time, though, this is changing and as it does the program should continue to grow.

Cheryl Boyd wins nursing scholarship

Avila nursing student Cheryl Boyd has been awarded a large scholarship from the Veteran's Administration.

She was one of 300 chosen for the scholarship out of the 3000 nursing students who applied throughout the nation.

The scholarship covers the student's school expenses for the academic year and provides the student with a monthly living stipend. If one accepts the scholarship, the student makes a commitment to serve two years in a VA

hospital once one has completed one's schooling.

Boyd is a junior in Avila's nursing program. In addition to attending Avila she is raising three children in rural Independence. Since she has just begun her clinicals she has not decided to specialize in any area yet.

Associate professor of nursing Kay Sullivan says, "Boyd is an expert at managing many things but more importantly an outstanding and deserving student."

Editorial Notebook

Who should pay?

The Student Activity Fee Board, which is responsible for recommending use of the fees, is once again challenged with finding means to balance the budget for 1982-83. Last year, due to the elimination of the part-time Student Activity Fee and a 7-8% enrollment decline, the budget funding campus programs, organizations, and publications was reduced by over 28%. The student leaders responsible for these programs voluntarily reduced their programs and budgets by \$9,280 to assist in balancing the budget.

The remaining deficit of \$3,220 was made up from three other sources. These were unanticipated revenue from the 1980-81 budget, the remaining balance in the 1980-81 Fee budget, and a small amount from the restricted reserve fund.

Last spring organizations requested \$42,912 for 1982-83 programs and publications. The Student Activity Fee Board recommending a budget of \$33,000. That was the anticipated income from full time students' activity fees. Part-time students pay no activity fee, yet have the privilege of attending all activities and receiving all publications that full time students do. If Avila's 1,000 part-time students were charged a \$5 activity fee each semester, this would provide the needed amount for the organizations' requested budgets for the year.

Part-time students utilize these activities more often than one would expect. Many pick up the *Avila Examiner* when it's published and receive student life handbooks, and student life supplemental programs. They also attend sports events, theatre productions, and SUB events.

Should part-time students be allowed to participate at no charge while full time students foot the bill and organizations unselfishly cut their budgets once again?

Aiding your fellow man

by Sister Patricia Gillespie

As Christians we have been gifted and called to share in the ministry of Jesus. St. Paul spoke of the Christian life as a dynamic experience of unity.

The Human Spirituality-Campus Ministry Program aims to provide opportunities for members of the Avila community to share in direct ministry programs. Twenty-five students have joined me in an effort to revive the Fellowship Club.

Committees have been formed in the areas of volunteer service, social justice concerns, liturgical planning, prayer, scripture study, retreats, college student growth and interfaith sharing. You are invited to consider direct ministry involvement through participation in one or more

of these groupings.

The ministry program is for persons of all religious denominations. It is hoped that an active interfaith program will be developed in the near future.

Further information is available in the Human Spirituality-Campus Ministry Office, Borserine 422, or by contacting committee coordinators. A list of coordinators is posted on the bulletin board in Marian Centre.

The Christian life calls us to share in the vision of Jesus, "that all may be one; even as thou Father, are in me, and I in thee." (Jn. 17:21) Join us as we strive through our programs and activities to share in this vision.

Letters to the Editors are always welcome.

Brav returns to perform; Lane Lucas to open concert

"Warming the crowd" with a comedy routine will be Avila student, Lane Lucas and two of his friends, all of the Chicken Little Entertainment Company. The concert is free to all Avila students.

Brav's up-tempo, foot-stomping concerts charge through an array of songs. Far beyond the confines of Top-40 and one-style monotony, Brav's audiences are whipped through blues, ragtime, flashy instrumentals and contemporary styles.

His versatility ranges to perform as warm-up act for Jim Croce, Hank Williams, Jr. Judy Collins, Leon Redbone, Pure Prairie League, Grandpa Jones, Bill Monroe, John

Arne Brav will once again be giving a concert at Avila College. The singer will be performing for the third time on campus October 28 in the Marian Centre Snack Bar at 8:00 p.m.

Hartford and Tom Chapin.

This concert is sponsored by the Student Union Board

Special Events Committee and is funded through the Student Activity Fees.

Faculty Recital

Tuesday, October 19 8:00 PM

Goppert Theatre

Daniel Paul Larson

Baritone, Full-time Assistant Professor of Music;
Doctoral Candidate in Voice Studies

Faith Hamilton Wendorff

Soprano, Part-time Voice Instructor. First alternate winner of regional Metropolitan Opera Auditions of 1982

Solo songs from the vocal literature of Franz Schubert, Ralph Vaughan Williams, W. A. Mozart, Joseph Canteloube, Gaetano Donizetti

Opera Duet from "The Barber of Seville" by Gioacchino Rossini.

No admission charge

Information is now available in the Office of Student Life for the Ski Trip sponsored by Avila Intramurals

Position Available

Applications are now being accepted for the *Avila Examiner* position of Managing Editor. Some newspaper (high school or college) experience is required.

Applicants must be an Avila student, full or part-time, with enough time to assign articles to reporters, draw page layouts, write headlines, and coordinate the bi-monthly issues.

Interested students may contact Deb Volkmer, Assistant Director of Student Life, 942-8400, Ext. 227.

Bowling Party

Strike up some fun at SUB's Midnight Bowling Party. On Saturday, October 23 (technically Oct. 24!) from 12-midnight to 2 a.m. Avila students may bowl free at the Red Bridge King Louie Lanes at 111th and Holmes in the Red Bridge Shopping Mall.

Sponsored by the Student Union Board Social Committee, this event is funded through the Student Activity Fees.

Rise in Friday film attendance signals quality

by Denise Kaufman

It happens every Friday night. Students clear out of the residence halls, popcorn in hand, and head toward the Marian Centre Lounge for the Friday Feature Films sponsored by the Student Union Board.

In the past three years attendance has nearly doubled for this event. A primary reason for the rise in attendance is that they are now being shown in a series rather than on a non-consistent basis.

"Since the films were put in a series, everyone knows that a film will be shown every Friday night," SUB Chairperson Jennifer McKenna said. "This is especially beneficial for residence hall students who can look forward to this activity each weekend."

Location has also had a great deal to do with the success of this event. Larger crowds have been drawn since the switch from the Whitfield Conference Centre to the Marian Centre Lounge.

New pompon squad selected

by Denise Kaufman

Avila's Pompon squad has something to cheer about. Six new girls and one alternate have been added to returning member Mona Mendoza to promote Avalanche spirit.

The new squad members were selected on September 17 after performing a short dance routine and sideline chant. No personal interviews were given.

Under the direction of advisor, Tom Rowe of the International Cheerleading Foundation, the girls promise to have an exciting year.

"One of my goals is to eval-

"Marian Centre is more casual and students can smoke and have access to the nearby Coke machines," Assistant Director of Student Life, Deb Volkmer said.

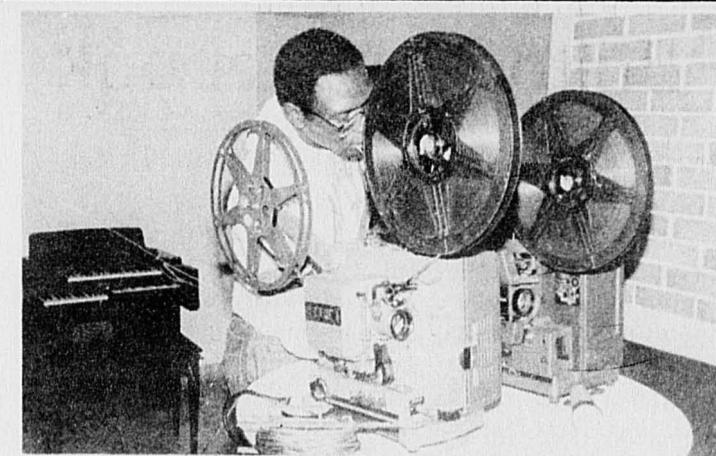

Selection of the films is by the SUB Films Committee in conjunction with the staff advisors. The committee is headed by Jim Blickhan. The committee selects a wide variety of different types of films which will appeal to a cross section of students.

"The key is to obtain a balance in the series which will draw as many as possible to the films," Jennifer McKenna remarked.

Some of the most popular films shown have been "Airplane", "Ordinary People", "Elephant Man", "the Lady and the Tramp", and "The Blues Brothers".

A highlight of the series is the "kiddie show" shown each semester. "101 Dalmations" and "The Muppet Movie" are films shown for

the younger set which can also be enjoyed by the entire family. Showing of these classics is especially appreciated by parents who do not always have the opportunity to expose their children to these types of movies.

Projectionist Fred Haney prepares to show "Nighthawks-- for Friday night film goers.

Academic Affairs acts as clearinghouse

by Denise Kaufman

Do you often wonder who approves new courses or where department heads go when they seek advice? The answer is the Academic Affairs Committee. Academic Affairs consists of eight department chairs, the Registrar, the Academic Dean and two student SGA representatives.

"The key role for the committee is to act as a clearinghouse for any faculty or departmental matters," Academic Dean, G. Richard Scott said. "We also take a variety of topics and deal with them directly."

Task forces are set up of department representatives when a specific issue needs in-depth research. This semester a special task force has been formulating an advisors handbook which is awaiting approval by the committee.

The group which meets on a weekly basis is responsible for approving new courses, reviewing the academic calendar, and dealing with any departmental matters which may arise. Currently, Academic Affairs is evaluating the English proficiency test policy and examining the possible reasons for a decline in enrollment.

Graduation getting nearer? Need a job?

The following companies will have recruiters on campus in October.

Mon., Oct. 18 — Kansas City Life Insurance Co.
Mon., Oct. 25 — U.S. Air Force, 10 A.M.-2 P.M.
Thurs., Oct. 28 — Southwestern Life Insurance

Avalanche rolls the "Rock" 3-1; 8 straight wins

by Mark Johnson

A classic. Like a concerto or a vintage wine Avila's 3-1 victory over Rockhurst will linger pleasantly in the hearts of Avila soccer fans for some time to come.

The Avalanche defeated the Hawks, kept an eight-game winning streak intact, and snapped Rockhurst's 23-game undefeated streak. The level of play was even more intense than the pre-game buildup said it would be.

Avila had come into the game with a No. 4 NAIA National Ranking while the Hawks were tied at No. 7. It was the first time the two teams had met when they were both ranked in the top ten. The Avalanche went into the game with only two losses, one against NCAA powerhouse Southern Illinois and the other against Sangamon State. Rockhurst came in with a tie against Missouri Southern on their record.

The opening moments saw both teams battling for control of the field. Neither squad was able to control it though until Neil Kelly, Avila's second leading scorer, drove in a shot past Rockhurst goalie Kenny Stranz. Kelly's shot came off a deflection of a Joe Schrick shot on goal. It was the first time a team had scored against Rockhurst in the first half this year.

Neil Kelly drives around a Hawk defender toward the Rockhurst goal in Avila's 3-1 victory.

Schrick put his team on top 2-0 when he beat a defender and kicked in his 22nd goal of the season. Mike Auck picked up the assist on Schrick's goal which came with 14:51 left in the first half.

Senior Tom Zahner gave the Avalanche a 3-0 lead midway through the second half when he scored in front of the Rockhurst goal. His shot was set up off a deflection of a shot his teammate Craig

Westbrook had taken. Westbrook picked up the assist on the goal that came with 27:15 left in the game.

Rockhurst broke up goalie Tom Hampel's shutout bid minutes later when they scored off a busted corner kick. It was only the eighth goal allowed by Hampel this season.

The Avalanche came into the match off a win against

another area team. Avila shutout William Jewell 8-0.

Jewell held Avila to only two goals in the first half. Both those goals were scored by Kelly. One came off a penalty kick and the other came off a pass from Neil Madigan.

In the second half the Avalanche broke the game wide open. Schrick struck first with a goal less than a minute after play had resumed. With twen-

ty minutes left Craig Kasten gave his team a 4-0 lead. Avila finished the game with four goals in the final five minutes. Picking up goals in the final five minutes were Schrick, Joe Eppy, Larry Larson, and Ryan Roberts. Receiving assists on the goals were Kelly, Zahner, Schrick, and Westbrook.

Avila celebrated their homecoming against Regis with an 8-0 victory. Like they did in the game against Jewell the Avalanche scored two goals in the first half and six in the second half.

They used a balanced scoring attack with seven different players scoring the eight goals. Kelly had two goals for Avila while Larson, Auck, Kasten, Schrick, Matt Tierney, and Roberts had one goal each.

On the season the Avalanche has outscored their opponents 56-8. The defense has posted five shutouts to aid the high scoring offense. Schrick leads the offense with 22 goals this season. Kelly is second in scoring with nine goals, while Larson and Kasten are tied for third with four goals apiece. Nine other players have also scored for the Avalanche offense this season. Schrick also leads in assists with seven followed by Auck with six, and Kelly and Butch Miller with five each.

Avila takes on UMKC tomorrow night

First there were four, then there were two teams left for what had been scheduled as a quadrangular volleyball match with the Lady Avalanche as the hosts.

Benedictine was the only other team that showed up. Avila probably wished Benedictine would have been one of the teams that hadn't. The Ravens flew by Avila 15-13, 10-15, 15-10, 15-5. Harris-Stowe and Calvary Bible had been the other two teams originally scheduled to play. Harris-Stowe cancelled their season several weeks earlier when injuries decimated their ranks. Calvary just did not show up on the morning of the match.

In the first game against the Ravens the Lady Avalanche captured an early 9-3 lead with Tina Crimi serving the last six points. Benedictine then fought back to take a 10-9 lead. After the lead changed hands several times the Ravens won the final two points to take the game at 15-13.

Kathy Hale, serving in the second game gave Avila a quick 4-0 advantage. They

maintained the lead until the score was tied at 7-7. Benedictine then jumped in front 9-7. This time, though, Avila came back to take the lead and the game at 15-10.

Things went just about the same way with the roles being reversed in the third game. This time Benedictine came out on top 15-10.

The fourth and deciding game of the match saw things all go Benedictine's way. Avila scored the first point in the match. That was the only time they were to have the lead in the game as the Ravens took a 3-1 lead and then widened the gap to 10-4 before winning the game at 15-5.

Avila does pick up a victory by way of a forfeit against Calvary Bible.

The Cardinals from William Jewell continued their mastery over the Lady Avalanche with a 15-5, 15-11 victory in a trilateral match. Avila rebounded from the defeat with a four-game victory over Tarkio. The scores for Avila were 15-11, 15-6, 4-15, 18-16.

Tomorrow night the Lady Avalanche will play UMKC at UMKC.

Tom Zahner

Playing out of the spotlight

by Mark Johnson

Being a defender in soccer can bring one about as much recognition as being a fan in a sellout crowd at the ballpark. So when one does receive the recognition you know they are something special.

Avila has one of these defenders who is a standout. His name is Tom Zahner. The senior co-captain anchors the back line of a defense that has allowed only eight goals the entire season so far.

Last year his playing abilities earned him All-District 16 honors for the second straight

year. If he continues playing at his current level he is likely to make it three straight years.

Zahner, like most of the Avila soccer team, is from the St. Louis area.

He played his high school soccer at St. Thomas Aquinas, the same school that sent Avila its first All-American,

Dan Daily. While playing at Aquinas he made the Catholic Athletic Conference team. In addition his team tied for first place in state competition his junior year and placed second his senior year.

The role of defender is something he has enjoyed since his junior year in high school when his coach moved him off the front line. In the defender role he seldom has an opportunity to score. That has changed this year though as he has scored three goals, his first three in an Avila uniform. The biggest of the three goals came in the recent game against Rockhurst.

Intramural volleyball sign-up ends Friday

Smashes, sets, bumps, and spikes will all have their turns in the upcoming Intramural Volleyball Tournament. However, time is running out for sign-up. For those wanting to join the net set, sign-up ends this Friday. The following information is included:

Sign-ups: Captains or team leaders sign up your team in Office of Student Life. Each

team must have at least 3 females and 3 males on roster.

Play will be in Mabee Fieldhouse Nov. 2 - Dec. 10, Mondays, Tuesdays & Thursdays, 7:30-9:30 P.M. with no games on Nov. 11, 23 and 30.

All Avila students, staff and faculty may play. Students who have played college varsity volleyball in the last 2 years are ineligible.

During play each team must have 6 players on the court, 3 men and 3 women.

Weekly results will be posted on the Intramural bulletin board in Marian Centre. Schedules will be posted also. They will be given to team captains as well. Tennis shoes must be worn, no other shoes will be allowed. There will be lockers available.
